Subject: Deferred Compensation Expos - 2011

The Kentucky Deferred Compensation Authority will again provide Participant Education Expos for state government employees and other participating public employees. These expos provide employees with detailed information regarding the financial opportunities available to support their retirement goals.

Kentucky Deferred Compensation provides IRS approved 401(k) and 457 retirement plans, as well as Roth 401(k), Deemed Traditional and Deemed Roth IRA options.

Deferred compensation is one of the most valuable optional benefits provided to state employees, and plays a vital role in filling the retirement gap many Kentuckians face. Please encourage your employees to plan now for their own retirement income stream. Two hours of paid time off, plus reasonable travel time, is available for employees to attend one of the four Participant Education Expos. Employees should coordinate attendance with their supervisor and will be provided a certificate of attendance at the expo.
