Subject: Deferred Compensation Expos - 2014

Later this year, Kentucky Deferred Compensation will again provide Participant Education Expos for state government and other public employees. These Expos provide employees with detailed information regarding the statutorily authorized savings options available to support their retirement goals.

Kentucky Deferred Compensation provides IRS approved 401(k) and 457 retirement plans, as well as Roth 401(k), Deemed Traditional IRA and Deemed Roth IRA options.

Deferred compensation is one of the most valuable optional benefits provided to state employees, and plays a vital role in filling the retirement gap so many Kentuckians face. Please encourage your employees to explore this retirement income stream which can help meet their long-term financial needs. Two hours of paid time off, plus reasonable travel time, is available to state employees to attend one of the Participant Education Expos noted below. Employees should first coordinate attendance with their supervisor and will be provided a Certificate of Attendance at the Expo they attend which should be presented to their supervisor upon returning to work.
