

How to Access Your COVID-19 Test Results

1. During registration, please provide a valid email address. Results are typically available within 72 hours.
2. When results are available, you will receive an email from no-reply@healthdataexchange.com (if you do not see an email, please check your spam/junk folder before calling the clinic). To access your results, you will need to create an account in our Secure Patient Portal.
3. In the email from no-reply@healthdataexchange.com, click, “Verify Your Account: Click Here”.
4. Register your account by entering a username, password, and your date of birth.
5. Once registration is complete, enter the portal. In the top-left corner, click “Inbox”.
6. An email with your results will be in the inbox. Open this email to access your results.

Thank you for choosing First Care! We are available 7 days a week for your urgent care needs.
