Competencies

Competencies are observable and identifiable skills, knowledge, abilities demonstrated as behaviors that directly affect performance of an employee. Competencies help evaluators a “how” an employee achieves their performance goals and performs their job duties.

When a Performance Plan is launched, all employees are automatically assigned the same six (6) core competencies. If an employee is a line-supervisor in the Commonwealth’s Personnel system, Kentucky Human Resource Information System (KHRIS) then three (3) additional leadership competencies are assigned. Competencies are defined for the evaluator however, when creating a Performance Plan the evaluator will have the option to list agency specific information within the comment box.

Percentages are not assigned to competencies; MyPURPOSE automatically weighs competencies equaling 100%. When the final rating is calculated, competencies account for 50% of the overall rating. During interim reviews, employees and evaluators have the ability to leave comments pertaining to the competencies. These comments should be specific and descriptive to support the rating assigned during the final evaluation.

See the below chart for a description of both core and leadership competencies.

### Goals

Goal Management is the process of creating and aligning individual performance goals to the organization’s strategic objectives. Effective goal management ensures employees understand how their work contributes to the success of the Commonwealth. Performance goals help evaluators assess “what” the employee accomplished as part of the annual performance review.

When creating the Performance Plan the evaluator should review the employees Position Description (PD) to ensure the goals match the tasks outline in the PD. Each employee should be assigned at least 3-5 goals with associated tasks. The goals/tasks should be descriptive and clearly define what expectations will be used to evaluate the employee.

Goals are individually weighted by the evaluator and must collectively equal 100%. The goal section for the Performance Plan accounts for 50% of the overall rating on the final evaluation.
Rating Scale

The overall rating is calculated as a 50-50 split. Competencies are equally weighted totaling 100%; this is completed automatically in the system. Goals will use their assigned weights also equaling 100%. Each section is worth 50% therefore, the final overall rating is an average of the two sections. MyPURPOSE will automatically calculate the final rating once the year-end interim is completed, and the evaluator assigns a rating to each competency and goal during the final evaluation.

The Final Performance Evaluation rating will be based on the following criteria.

<table>
<thead>
<tr>
<th>Rating</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>Unacceptable Performance</td>
<td>Employee rarely achieves expected performance and does not meet all or most of the performance expectations. Employee needs to improve performance significantly of job tasks or competencies.</td>
</tr>
<tr>
<td>Needs Improvement Performance</td>
<td>Employee inconsistently achieves expected performance and does not meet some performance expectations. Employee needs to improve performance of job tasks or competencies.</td>
</tr>
<tr>
<td>Satisfactory Performance</td>
<td>Employee meets performance expectations. Employee is a consistent contributor to the success of the organization.</td>
</tr>
<tr>
<td>Valued Performance</td>
<td>Employee exceeds some performance expectations. Employee is well regarded by peers and stakeholders.</td>
</tr>
<tr>
<td>Distinguished Performance</td>
<td>Employee often exceeds most performance expectations. Goals and tasks are accomplished above the required standards. Employee demonstrates a desire and ability to excel.</td>
</tr>
<tr>
<td>Exceptional Performance</td>
<td>Employee consistently exceeds all performance expectations. Performance represents an extraordinary level of achievement and commitment. Employee demonstrates role model behaviors.</td>
</tr>

Tasks Step Progression

Below is a visual of the step progression each performance review follows in the system. Employees now have two steps in each performance phase, a Self Review and an Acknowledgement step. The Self Review is optional and intended to allow employees the opportunity to provide feedback on assigned competencies and goals. The next line supervisor also plays a role by reviewing each performance task before the evaluator and employee discussion.

Each step has an associated due date, to keep the task on track so that the performance phase is completed by the compliance date outlined in regulation. Some steps within the process are required while others are optional. If the step is optional, the system will workflow the task on to the next step without any action from the user once the due date arrives. However, required steps will remain visible until action is taken and will become past due once the due date passes.

The evaluator, next line supervisor and the employee will receive e-mail notifications from MyPURPOSE throughout the process. An e-mail when a task is assigned to your action item within MyPURPOSE and when a task becomes past due.

Evaluator Annual Performance Planning

Evaluator Review:
An Annual Performance Plan will launch to the evaluator on January 1st for each eligible employee that reports to them in KHRIS. The first step during the Annual Performance Planning phase is the Evaluator Review. Here, the evaluator will outline any agency specific guidelines within the competency section and assign 3-5 goals with at least one associated task. The Evaluator Review step has a due date ten (10) days after the task is launched. Due dates are intended to keep the task on track to meet the compliance date of January 31st. The Evaluator Review step is a required step that will not advance to the employee until completed. E-mail notification will be sent to the evaluator once the task is launched and after ten (10) days when then the task becomes past due.

1. From the MyPURPOSE home screen, select the Performance tile.

2. Select MyPERFORMANCE (Actions/Request).

3. You will have a separate task for each employee who is eligible for a performance plan and reports to you in the Commonwealth’s Personnel System, KHRIS. Select Launch next to one of your Annual Performance Planning tasks.
   - If you are missing a task for a performance eligible employee, please contact your agency Performance Management Administrator.
   - If you have a task for an employee who does not report to you, contact your agency Performance Management Administrator.
4. On the right-hand side of your screen, you will notice a dropdown labeled **Options**. Use this to add up to three (3) attachments per Performance Evaluation.

![Options dropdown](image)

5. Each task will start with an overview, please read the Annual Performance Planning overview carefully and select **Get Started**.

6. **Employee on Leave** - If the employee is on leave for the entire performance evaluation phase, please select **Yes** and **Save and Exit**. If the employee is not on leave for the entire performance evaluation phase, select **Save and Continue**.

![Employee On Leave](image)

If you have an employee on leave, please see the employee on leave reference document located under Evaluator Resources on our Performance Management Website.

7. **Competency Section** - Review the instructions for the Annual Performance Planning and scroll down to review the core competencies. If an employee has the wrong competencies listed, please contact your agency Performance Management Administrator for guidance. You will notice for each competency you have the option to include comments for further explanation or agency specific guidelines.

    *For example*, under Professional Development you may add a comment that says, “Employee is expected to complete 6 hours of training per year.”

Competencies are not assigned individual percentages. The system will automatically weigh each competency equally, totaling 100%. Competencies account for 50% of the overall Performance Evaluation Rating.

For more information, review the **Competencies** section of this manual.

8. After you have reviewed all competencies and added any necessary comments, select **Save and Continue**.

9. **Goal Planning Section** - Review the instructions for the evaluator. The evaluator is required to assign 3-5 goals to each eligible employee. To do so, select **Add Goals** located on the right-hand side of your screen.
Use one of the two methods listed below to add the employee’s goals.

1. You can manually enter the goals by entering a goal into the title field. The description field is available to further define the goal; this is not required. OR see below on how to utilize the goals library.

2. For your convenience, we have created a goals library with a list of possible goals for all job titles. These goals are populated from the Job Class Specification and should be modified for the employee. To utilize this feature, select Library located on the right-hand side of your screen.

- Enter the employee’s job title and select Search.

  - Select the radio button next to a goal you wish to add, select Import.
  
  Only one goal can be imported at one time.
  
  Ensure you are selecting goals with a title that corresponds with the employee’s job title. Other duties as assigned is not a goal however, this can be used as a task within a goal.
- Once imported, please remove the position title from the goal title and add specific position information to the imported goal.
- The description field is available to further define the goal, this is not required.

a. Verify each goal has a start and end date that matches the review period. For example, 01/01/2022 - 12/31/2022

b. **Weight each goal.** The system will accept any percentage you enter; all goals should collectively equal 100%.

c. If you used the goals library, the goal type will default to Job Responsibility. If you entered the goal manually, use the dropdown and select Job Responsibility.

d. If you use the goals library, the job title will default with the correct job title. If you entered the goal manually, you could use the dropdown and select the correct job title. This is not required.

e. Each goal must have at least one task; you can add multiple tasks to a goal if applicable. Select **Add Tasks** and enter the task description, this should follow the SMART criteria and further define your goal.

*SMART: Specific, Measurable, Achievable, Realistic, Timely*
f. Verify that the task start and end dates match the review period and select **Done**. For example, 01/01/2022 – 12/31/2022

*Repeat steps a-f until all goals and tasks have been added*

g. From the Create Goals page, review the goals and tasks that you have created and select **Save**.

h. From the Goals page, you will see a yellow banner identifying all new goals. If you need to edit or delete a goal before submitting, use the dropdown to view options for each goal.

![Example of editing goal](image)

Remember that the total goal weight must reflect 100%. If not, you need to adjust your goal percentages before submitting. You can view the total weight at the bottom of the goals page.

![Example of total goal weight](image)

10. Once the Goal Planning section is completed, select **Submit**. You will receive a second submit notice, select **Submit**. The task will automatically follow step progression and advance the plan to the employee for the optional Self Review.

As the evaluator, you have the ability to track where an Annual Performance Plan is in workflow by utilizing the Step Status Report. For detailed report instructions see the **Step Status Report** instructions within this manual or on the Performance Management website.
Evaluator Goal Review Confirmation:
The Evaluator Goal Review Confirmation step is intended for you to review any feedback left by the employee during the Self Review and make any necessary adjustments to competencies and/or goals. Remember, that the Self Review Step is an optional step and automatically advances after 5 days. If the employee missed the opportunity to complete their Self Review, you have the ability to reopen the task back to the employee.

The Evaluator Goal Review Confirmation step has a due date three (3) days after receiving, due dates are intended to keep the task on track to meet the compliance date of January 31st. The Evaluator Review Confirmation step is a required step and will not advance until completed. E-mail notification will be sent to the evaluator once the task is assigned and after three (3) days, when then the task becomes past due.

1. Once the optional employee Self Review is completed, the task will automatically follow step progression and return to your Action Items in MyPURPOSE, select Launch.

2. Each task will start with an overview, please read the Annual Performance Planning overview carefully and select Get Started. You will notice beside Get Started you have a Reopen Step option. Use this if you need to return the task to the employee for Self Review. If you utilize the reopen feature please close the task, do not submit. When a task is reopened, the task will show in your worklist and in the employee’s worklist at the same time. If you select submit, you will not have the option to review any comments left by the employee during the Self Review. It is imperative that you communicate outside the system with the employee when the task is reopened.

3. Competency Section- Review the instruction for the Annual Performance Planning and scroll down to review the competencies. Based on the feedback left by the employee, make any necessary adjustments to your initial comments, select next.

4. Goal Planning Section- Review the instructions for the evaluator.
   a. Based on employee feedback during the Self Review, you can adjust goals/tasks by selecting the dropdown on the right-hand side of each goal and choose to edit or delete. After any adjustments, ensure the total goal weight equals 100%.

   b. The comment box provided is optional and intended for you to respond to any feedback left by the employee.
c. Once all goals/tasks have been reviewed, select **Submit**. Your task will automatically follow step progression and advance to the next line supervisor for review.

The total goal weight MUST reflect 100%, if not you need to adjust your goal percentages before submitting. The system will allow you to submit any percentage that is entered.

**Evaluator Discussion and Acknowledgment:**

The Evaluator Discussion and Acknowledgment step is intended for the evaluator to meet and discuss the plan with the employee in a required meeting. This step has a due date five (5) days after the task is assigned. Due dates are intended to keep the task on track to meet the compliance date of January 31st. The Evaluator Discussion and Acknowledgement step is a required step and will not advance until completed. The evaluator should not submit this step until after the meeting with the employee. If the step is submitted, the evaluator must contact their agency Performance Administrator to have the step reopened for edits. E-mail notification will be sent to the evaluator once the task is assigned and after five (5) days when the task becomes past due.

1. Once the next line supervisor has completed their review, the task will automatically follow step progression and return to your action items in MyPURPOSE, select **Launch**.

   ![Launch](image)

2. Each task will start with an overview, please read the Annual Performance Planning overview carefully and select **Get Started**. You will notice beside Get Started you have a **Reopen Step** option. Use this if you need to return the task to the employee Self Review or to the Next Line Supervisor Review step. If you utilize the reopen feature please close the task, do not submit. If you select submit, you will not have the option to review any comments left by the employee during the Self Review. When a task is reopened the task will show in your worklist and the employee/next line supervisor worklist at the same time. It is imperative that you communicate outside the system when the task is reopened.

   ![Reopen Step](image)

3. **Competency Section**- Review the instructions for the Annual Performance Planning and scroll down to review the core competencies. Here you will be able to review all comments left by the employee and yourself and make any final adjustment, select **Next**.

4. **Goal Planning Section**- Review the instructions for the evaluator and scroll down to review the goals. Here you will be able to review all comments left by the employee and yourself and make any final adjustments, select **Next**.

5. **Evaluator Signature Section**- To certify that you have completed all requirements and have met with your employee, enter your name and select **Sign** then select **Submit**. This will automatically follow step
progression and advance the plan to the employee for acknowledgment. If edits are required after this step is submitted, you must contact your agency Performance Administrator to have the step reopened.

After the employee has completed the acknowledgement step, you can view their completed Performance Plan from the Performance home page, select the MyEVALUATION tile and then select the box next to *Show completed and expired task*. This will list steps and performance reviews you have completed for your employees. You can view the performance review here in a read only view.

**Evaluator Mid-Year Interim Review**

**Evaluator Review:**
The first step in the Mid-Year Interim Review is the optional employee Self Review. This step is launch on July 1\textsuperscript{st} and the employee has five (5) days to complete before it automatically workflows to the evaluator. If the employee missed the opportunity to complete their Self Review, you have the ability to reopen the task back to the employee.

The Evaluator Review step will allow the evaluator the opportunity to comment on all competencies and goals based on the employee’s performance January 1\textsuperscript{st} thru June 30\textsuperscript{th}. This step has a due date ten (10) days after the task is assigned. Due dates are intended to keep the task on track to meet the compliance date of July 31\textsuperscript{st}. The Evaluator Review step is a required step and will not advance until completed. E-mail notifications will be sent to the evaluator once the task is launched and after ten (10) days when then the task becomes past due.

1. From the MyPURPOSE Home screen, select the Performance Tile.
2. Select My Performance (Actions/Requests).

3. You will have a separate task for each employee who is eligible for a Mid-Year Interim Review and reports to you in the Commonwealth’s Personnel System, KHRIS. Select **Launch** next to one of your Mid-Year tasks.
   - If you do not have a task for a performance eligible employee, contact your agency Performance Management Administrator.
   - If you have a task for an employee that does not report to you contact your agency Performance Management Administrator.

4. On the right-hand side of your screen, you will notice a dropdown labeled **Options**. Use this to view or add attachments to the Mid-Year Interim Review, if desired.

5. Each task will start with an overview, please read the Mid-Year Interim Review overview carefully and select **Get Started**.

   You will notice beside Get Started you have a **Reopen Step** option. Use this if you need to return the task to the employee for Self Review. If you utilize the reopen feature please close the task, do not submit. If you select submit, you will not have the option to review any comments left by the employee during the Self Review. When a task is reopened, the task will show in your worklist and in the employee’s worklist at the same time. It is imperative that you communicate outside the system with the employee when the task is reopened.
6. **Employee on Leave**- If the employee is on leave for the entire performance evaluation phase, please select **Yes** and **Save and Exit**. If the employee is not on leave for the entire performance evaluation phase, select **Save and Continue**.

If you have an employee on leave, please see the employee on leave reference document located under Evaluator Resources on our Performance Management Website.

7. **Competency Section**- Review the instructions for the Mid-Year Interim Review and scroll down to review the core competencies. You will be able to review any comments left by the employee during their Self Review.

   a. Comments are required from you, the evaluator, on all competencies listed. Comments left during interim reviews should reflect the employee’s performance from January 1<sup>st</sup> thru June 30<sup>th</sup> and support the employee’s final rating during the Final Evaluation. Be sure to provide detail and use specific examples.

   b. To the right of the comments box, we have included suggested comments for your convenience. To utilize this feature, select the <i>💬</i> icon and select the comment you wish to utilize. You should then make this comment specific to the employee and add additional supportive detail.

8. After you have reviewed and commented on each competency, select **Save and Continue**.

9. **Goal Section**- Review the instructions for the evaluator and scroll down to view any comments left by the employee during their Self Review.

   c. Comments are required from you, the evaluator, on all goals listed. Comments left during the Mid-Year interim review should reflect the employee’s performance from January 1<sup>st</sup> thru June 30<sup>th</sup>. Comments left during interim reviews should support the employee’s final rating during the Final Evaluation. Be sure to provide detail and use specific examples.
a. Once all goals have been commented on, select **Submit**. The task will automatically follow step progression and advance to the next line Supervisor Review step.

As the evaluator you can track where a Mid-Year Interim Review is in workflow by utilizing the Step Status Report. For detailed report instructions see the [Step Status Report](#) Instrucctions within this manual or on the Performance Management website.

**Evaluator Discussion and Acknowledgment:**

The Evaluator Discussion and Acknowledgement step is intended for the evaluator to meet and discuss the employee’s performance from January 1st to June 30th in a required meeting. This step has a due date five (5) days after the task is assigned. Due dates are intended to keep the task on track to meet the compliance date of July 31st. The Evaluator Discussion and Acknowledgement step is a required step and will not advance until completed. The evaluator should not submit this step until after the meeting with the employee. If the step is submitted the evaluator must contact their agency Performance Administrator to have the step reopened for edits. E-mail notification will be sent to the evaluator once the task is launched and after five (5) days when then the task becomes past due.

1. Once the next line supervisor has completed their review, the task will return to your action items in MyPURPOSE, select **Launch**.

2. Each task will start with an overview, please read the Mid-Year Interim Review overview carefully and select **Get Started**.

   You will notice beside Get Started you have a **Reopen Step** option. Use this if you need to return the task to the next line supervisor or to the employee for Self Review. If you utilize the reopen feature please close the task, do not submit. If you select submit you will not have the option to review any comments left by the employee during the Self Review. When a task is reopened the task will show in your worklist and in the next line’s or employee’s worklist at the same time. It is imperative that you communicate outside the system when the task is reopened.

6. **Competency Section** - Review the instructions for the Mid-Year Interim and scroll down to review the core competencies. Here you will be able to review all comments left by the employee and yourself and make any final adjustment, select **Next**.

7. **Goal Section** - Review the instructions for the evaluator and scroll down to review the goals. Here you will be able to review all comments left by the employee and yourself and make any final adjustment, select **Next**.

3. **Evaluator Signature Section** - To certify that you have completed all requirements and have met with your employee, enter your name and select **Sign** then select **Submit**. This will automatically follow step progression and advances the Mid-Year Interim Review to the employee for acknowledgment. If edits are
required after this step is submitted you must contact your agency Performance Administrator to have the step reopened.

After the employee has completed the acknowledgement step you can view their completed Mid-Year Interim Review from the performance home page, select the MyEVALUATION tile, then select the box next to Show completed and expired task. This will list steps and performance reviews you have completed for your employees. You can view the performance review here in a read only view.

**Evaluator Year-End Interim Review/Final Performance Evaluation**

The Year-End Interim Review/Final Performance Evaluation are two separate performance phases that are launched together in one task. During these phases, the evaluator and employee are required to complete two acknowledgement steps. It is important to remember that the evaluator will not be able to assign a final rating until the employee completes their first acknowledgement step.

**Evaluator Review for Year-End Interim Review:**
The first step in the Year-End Interim Review is the optional employee Self Review. The employee has five (5) days to complete before it automatically workflows to the evaluator. If the employee missed the opportunity to complete their Self Review, you have the ability to reopen the task back to the employee.

The Evaluator Review Step allows the evaluator the opportunity to comment on all competencies and goals based on the employee’s performance from July 1st to December 31st. The Evaluator Review step has a due date five (5) days after the task is assigned. Due dates are intended to keep the task on track to meet the compliance date of January 31st. The Evaluator Review step is a required step and will not advance until completed. E-mail notifications will be sent to the evaluator once the task is assigned and after five (5) days when the task becomes past due.

1. From the MyPURPOSE Home screen, select the Performance Tile.
2. Select MyPERFORMANCE (Actions/Requests).

3. Select **Launch** next the employee’s Year-End Interim/Final Performance Evaluation, you will have separate task for each eligible employee.
   - If you do not have a task for a performance eligible employee, contact your agency Performance Management Administrator.
   - If you have a task for an employee that does not report to you, contact your agency Performance Management Administrator.

4. On the right-hand side of your screen, you will notice a dropdown labeled **Options**. Use this to view or add attachment to the Year End Interim Review if desired. The system allows three (3) attachments per Employee Evaluation.

5. Each task will start with an overview, please read the Year-End Interim/Final Performance Evaluation overview carefully and select **Get Started**.

New Position Performance Plan

If an employee’s position or job title changes during the review period, the evaluator must create a new Position Performance Plan no later than thirty (30) calendar days after the start date of the change. **Do not** create a New Position Plan if you are missing an employee’s Annual Performance Planning Task after the January 1st launch, reach out to your agency Performance Administrator for guidance.

If you receive a transfer employee during a performance phase, once the KHRIS action is approved, any active performance phase launched will automatically update and reassign to you, as the new manager in workflow. You should take no action on the task and either set the previous manager as a co planner or contact your agency Performance Administrator for assistance.

- If you receive an employee February 1st or February 16th ensure that the initial Annual Performance Plan has been completed by the prior evaluator.

- If you receive an employee August 1st or August 16th ensure that the Mid-Year Interim Review has been completed by the prior evaluator.

- If you receive an employee after November 1st, the Final Evaluation must be completed by the prior evaluator. Per Regulation, you must supervise an employee sixty (60) calendar days to apply the rating and complete the Final Evaluation.

**How to ensure a previous performance task is completed:**

1. From the MyPURPOSE home screen, select the Performance tile.

2. Select **MyGoals**.
3. From the MyGoals page, select **Team Goals**.

4. Validate the review period and select the employee’s name to launch their bio page.

5. From the employee’s bio page, select the Snapshot tab.

7. Review the list to ensure the previous performance step is completed. If you do not see a completed phase, the previous manager will need to be assigned as a co-planner to complete the task. Contact your agency Performance Administrator for assistance.

Guideline to completing a New Performance Plan:

Any employee who changes positions or job titles after June 1st must have their Mid-Year Interim Review completed prior to the New Position Performance Plan. The evaluator should meet, discuss, and document the employee’s new expectations and goals outside of the system. This means the evaluator would not launch a New Position Performance Planning task within the system at this time. Launching and completing a New Position Plan will result in the cancellation of previous goals and prevent the evaluator from leaving comments during Mid-Year Interim Review. Once the Mid-Year Interim review is complete, the evaluator should launch and complete the New Position Performance Plan in MyPURPOSE. If the employee changes positions or job titles on or before June 1st, a New Position Performance Plan must be completed within 30 days.

- If an employee changes position or job titles on or before June 1st, a New Position Performance Plan should be completed prior to completing the Mid-Year Interim Review.

- If an employee changes positions or job titles after June 1st, the Mid-Year Interim Review should be completed with the previous goals and a New Position Performance Plan created afterwards.

Any employee who changed positions or job titles after Nov 1st Must have their Year-End Interim Review/Final Evaluation completed prior to the New Position Performance Plan. The evaluator should meet, discuss, and document the employee’s new expectations and goals outside of the system. This means the evaluator would not launch a New Position Planning task within the system. Launching and completing a New
Position Plan will result in the cancellation of previous goals and prevent the evaluator from rating appropriate goals during the Year End Interim Review/Final Evaluation phase. The employee’s new expectations/goals will be captured when the new performance year commences in MyPURPOSE, by use of the Annual Performance Planning task.

- If an employee changes positions or job titles on or before November 1\textsuperscript{st}, a New Position Performance Plan should be completed before completing the Year-End Interim Review/Final Evaluation.

- If an employee changes positions or job titles after November 1\textsuperscript{st}, the Year-End Interim Review/Final Evaluation should be completed based on the old goals and the New Annual Performance Plan should reflect the new title/goals.

**To complete a New Position Performance Plan:**

1. From the MyPURPOSE home screen, select the Performance tile.

2. Select MyEVALUATION.

3. From the Performance review screen, select **Launch Review**.
4. From the Launch Performance Review Summary screen, enter the following information and select Launch.

   a. Who is the review for? Select, **Someone else**

   b. Click **User**. Here you can search by employee’s name, User ID, or your last name. Select **Search** and choose the employee’s name you wish to launch an Annual Performance Plan.

   c. Select **Review Form** and choose **New Position Performance Planning**.

   d. Enter a title for the review. Example: New Position Performance Plan for (employee name).

   e. Enter the current Review period, employee’s start date to the end of the year.
5. The New Position Performance Planning Review task will appear in your Performance Review Summary page or as a task in your Actions. From the Performance Review Summary page, select **Complete Evaluator New Position Performance Planning Review**.

6. The New Position Performance Plan follows the same step progression as the Annual Performance Plan. See the Evaluator’s Annual Performance Planning section, [Competency Section](#) of this manual to complete the New Position Performance Plan.

   * Please note that when you reach the Goal Planning Section of the New Annual Performance Plan, you must **cancel** the employee’s current goals before assigning new goals. To cancel a goal, select **Cancel Goal** beside each current goal.

**Reconsideration**

If an employee disagrees with any part of their Performance Evaluation, they may request Reconsideration. Employees are responsible for launching the Reconsideration task within five (5) working days of the Final Evaluation meeting or they are not eligible. If the employee declined to sign their Final Performance Evaluation, they are not eligible for reconsideration. If the evaluator does not respond within five (5) days, the employee may submit a written request to the appointing authority. The agency must respond to the request for Reconsideration and comply with 101 KAR 2:190.

changes on your Evaluation you will acknowledge the Reconsideration task. Enter your name and select **Sign**. You also have the option to provide any final comments, select **Submit**.

*See the Additional Features section to obtain a PDF of your updated evaluation.*

*This completes the Reconsideration process.*
Performance Improvement Plan

A Performance Improvement Plan (PIP) is an optional process that can be used to help guide and document performance improvement. It is designed to facilitate constructive discussion between the employee and the evaluator when it becomes necessary to help an employee improve performance. The evaluator is responsible for initiating the Performance Improvement Plan within MyPURPOSE. Before initiating, the evaluator should first consult with their agency Human Resource Office and discuss with the employee. A system notification should not be the employee’s first notice of the Performance Improvement Plan. An evaluator can initiate a Performance Improvement Plan at any time throughout the year. A Performance Improvement Plan consists of the initial launch, a follow up at 30 days and an additional follow up at 60 days. A PIP may be initiated multiple times throughout the year by the evaluator, if needed.

6. Choose the location on your computer to save the document and select **Save**.

7. Retrieve the PDF document from its saved location. You can now print the PDF document if needed.
Evaluator: View completed evaluations for your team

1. From the MyPURPOSE home screen, select, **Profile** then **MyPROFILE**.

2. From the Bio page, select **Snapshot**.

3. From the Snapshot page, select **Reviews**.

4. On the right-hand side of the screen, select **View Team**.
5. A pop-up window will appear with a list of all employees who report to you. Select the team member whose Performance Evaluation you wish to view and select Done.

6. You are now on the Reviews Page for the selected employee. Select the phase or complete Performance Evaluation and the system will prompt you to open or save a copy of the PDF.

7. To view other employee Performance Evaluations, select View Team in the right-hand corner.
Evaluator: Assigning Goals and Tasks to multiple team members

If you have multiple employees who report to you who will have the same goals and tasks, follow these steps to assign goals to them at one time from the Team Goals page.

Goals created within the Team Goals page will feed into an employee’s Annual Performance Plan, as long as the performance review date and goal dates align with the appropriate year.

Any edits to these goals should be made from the Team Goals page. If corrections are made to goals within a performance review task, that were originally created from the Team Goals page, will result in the evaluator needing to “Approve” these edits from the Team Goals page before they reflect in the performance review. If edits are not approved the goal status will show as “Pending Goal Modification/Road Block”.

You may also notice that all employees who report to you will appear under your Team Goals Tab within MyGoals. Only performance eligible employees will have a performance review task and require goals.

1. From the MyPURPOSE home screen, select the Performance tile.

2. Select MyGoals.

3. From the MyGoals page, select Team Goals then Create.

4. Use one of the two methods listed below to add the employee’s goal(s).
1. You can *manually* enter the goals by entering a goal into the title field. The description field is available to further define the goal, this is not required. OR see below on how to utilize the goals library.

![Title and Description Field]

2. For your convenience, we have created a goals library with a list of possible goals for all job titles. These goals are populated from the Job Class Specification and should be modified for the employee. To utilize this feature, select **Library** located on the right-hand side of your screen.

   - Enter the employee’s job title and select **Search**.

   ![Library Search]

   - Select the radio button next to a goal you wish to add, select **Import**.

   - Once imported, please remove the position title from the goal title and add specific position information to the imported goal.

   - The description field is available to further define the goal, this is not required.

   **Note:**
   Only one goal can be imported at a time.

   Ensure you are selecting goals with a title that corresponds with the employee’s job title.

   Other duties as assigned is not a goal however, this can be used as a task within a goal.

   a. Verify each goal has a start and end date that matches the review period. For example, 01/01/2021 - 12/31/2021

   b. **Weight each goal.** The system will accept any percentage you enter; all goals should collectively equal 100%.
c. If you used the goals library, the goal type will default to Job Responsibility. If you entered the goal manually, use the dropdown and select Job Responsibility.

d. If you use the goals library, the job title will default with the correct job title. If you entered the goal manually, you can use the dropdown and select the correct job title. This is not required.

e. Each goal must have at least one task; you can add multiple tasks to a goal if applicable. Select Add Tasks and enter the task description, this should follow the SMART criteria and further define your goal.

   *SMART: Specific, Measurable, Achievable, Realistic, Timely

f. Verify that the task start and end dates match the review period and select Done. For example, 01/01/2021 – 12/31/2021

5. At the bottom of the Create Goals page under assignment, select Your Team.

6. A list of all your employees who report to you will appear. Please select each employee(s) you would like to assign the goal to and select Submit.
Once the Annual Performance Plan is launched, MyPURPOSE will automatically populate the goals and tasks in the plan for the employees you selected.

**Evaluator/Employee: Continued Goal Modification**

**Commenting On Goals Throughout The Year:**
The evaluator and the employee have the ability to leave comments throughout the year on goals. Comments left throughout the year within the MyGoals page will be visible in performance tasks by selecting the dropdown option next to a goal, then selecting Goal Comments.

1. From the MyPURPOSE home screen, select the Performance tile.

2. Select MyGoals.
3. To add a comment:

**Employee:**

a. From the My Goals page, select the **My Goals** tab.

b. Validate the review period.

c. Select the radio button beside the goal you wish to comment on to expand the goal description and tasks.

d. Select **Add Comment** and provide a comment that pertains to the selected goal within the comment box, select **Add**.
Evaluator:

a. From the My Goals Page select the **Team Goals** tab.

b. Validate the review period.

c. To view the goals associated with the employee, select the radio button next to the employee.

d. Select the radio button next to the goal you wish to provide a comment.
e. Select **Add Comment** and provide a comment that pertains to the selected goal within the comment box. Select **Add**.

**Modify an Existing Goal:**

**Employee:**

a. From the My Goals Page, select the **My Goals** tab.

b. Validate the review period.

c. Select the dropdown option beside the goal you wish to modify and select **Edit**.

d. Make any edits to the goal and select **Submit**. The edit will automatically route and send an e-mail notification to your evaluator for approval. Only manager approved goals will appear in performance reviews.
Evaluator:

a. From the My Goals Page, select the Team Goals tab.

b. Validate the review period.

c. To view the goals associated with the employee, select the radio button next to the employee.

d. Select the dropdown option beside the goal you wish to modify and select **Edit**.

e. Make any edits to the goal and select **Submit**. An e-mail notification will be sent to the employee to notify them that a goal has been modified.

f. The evaluator should notify the employee of changes to their goals and request that the employee visit the My Goals Page to review and comment to acknowledge the change.

Evaluator/Next Line Supervisor: Adding a Co-Planner

Per regulation, the evaluator should be the one to submit tasks during the Annual Performance Planning, Mid-Year Interim Review or the Year-End Interim/Final Performance Evaluation. However, the evaluator has the option to add a Co-Planner to an employee’s review if deemed necessary. If a Co-Planner is added, it is important to note that both the evaluator and the Co-Planner will see all assigned tasks for the employee. Communication is imperative so that both individuals are not attempting to complete the same task for an employee.

If you have questions on when it is appropriate to add a Co-Planner, reach out to your agency Performance Management Administrator.
1. To add a Co-Planner, select the dropdown labeled **Options** on the right-hand side of your screen and select **Add Co-Planners**.

2. Select the search icon to select a Co-Planner.

3. Enter the Co-Planner’s name into the search field and key enter.

4. Select on the Co-Planner’s name and select **SAVE**.

*You have now successfully added a Co-Planner.*
It is always best practice to review and update an employee’s goals each review period. However, there are times when an employee’s goal(s) could remain the same from one review period to the next. Follow the steps below to copy or advance employee goals to the new review period.

1. From the MyPURPOSE home screen, select the Performance tile.

2. Select MyGoals.

3. From the MyGoals page, select **Team Goals**.

4. Validate the review period and select the radio button next to the employee whose goals you would like to copy/advance.

Select the dropdown next to the goal you wish to copy/advance to the next Annual Performance Plan.
a. If you are copying/advancing goals prior to December 31st, select **Copy**.

b. If you are copying/advancing goals after January 1st, select **Advance**.

5. On the Create Goals page update the start and end date for both the goal and tasks with the appropriate review period.

6. If necessary, make change to the goal and/or tasks associated with the goal.

7. Under Assignment select the **Your Team radio** button and then select the **check box** next to the employee you want to assign the goal to.

*You have successfully copied/advanced the employee’s goal to the next Annual Performance Planning Review Period. Once the new Annual Performance Plan is launched, any goal that you have copied/advanced will prepopulate on the employee’s Annual Performance Plan.*
Reopen

Evaluators and next line supervisors have the ability to reopen step(s) during a performance review to a previous step. The reopen button is located at the bottom of the Overview Section of each task. Evaluators cannot reopen a step to themselves; they may reopen to the employee or to the next line supervisor. Next line supervisors may reopen to either the employee or the evaluator. A task may not be reopened twice, in other words if the next line supervisor reopens a step to the evaluator, the evaluator cannot reopen the step again. If you are having trouble reopening a step, contact your agency Performance Management Administrator.

When a step is reopened, the task is visible to the user it is assigned to in workflow AND the user it is reopened to in the system. In other words, the task will show in both user’s action/request list. It is imperative that you communicate outside of the system when a task is reopened.

When reopening a step, it is important that you do not submit the task, simply exit the screen. Anytime a step is reopened, it is best practice to communicate outside of the system to those users it affects. When reopened, tasks will not workflow back through any step that has been completed. Below steps that have reopen capability are noted.

**Editing Scenarios**

For steps assigned to you, that have not been submitted, and changes need to be made, simply use your navigation buttons at the bottom of the task or select the task sections to the left to navigate to the area you need to make adjustments.

For initial Evaluator Review steps that have been submitted to the employee for Self Review and edits need to be made, reach out to your agency Performance Management Administrator to submit a business request to have the step reopened to you for edits. You will need to communicate to the employee, outside of the system, that you have requested the step be reopened. The employee will not see your adjustments until the reopen step has been submitted.

*If the task is assigned to the next line supervisor, they too can reopen the step for you.*

To edit Competencies once the initial Evaluator Review step has submitted, please reach out go your agency Performance Management Administrator to submit a business request to have the step reopened to you for edits. Competencies can only be edited during the initial Evaluator Review step.

*If the task is assigned to the next line supervisor, they too can reopen the step for you.*

If a step is reopened to you to delete a comment from a competency/goal, you should delete the comment and add a new comment. If there is no new comment to add simply add a period (.) in the comment field to ensure the previous comment is deleted.

**Step Status Report for Evaluators**

Evaluators have access to the Standard Performance Review Step Status Report in MyPURPOSE. This report will help evaluators locate where a performance review is located in workflow, as well as quickly see if their employee performance reviews are complete. Please see the report instructions below.

1. From the MyPURPOSE Home screen, hover over the Reports tab and select **Standard Reports**.

2. Select the **Performance** tab on the Reports screen, then select the Performance **Review Step Status Report**.

3. Enter Report Criteria:
   a. Using the dropdown option, select the User Criteria of Organization. You will be restricted to your organization and your direct reports.
   b. Select the options icon next to Performance Review Task.
   c. From the Search Tasks screen, select the Performance Review you want to report on.
   d. All Review Steps should be checked by default.
   e. Select, Export to Excel.
4. You will be prompted to Open or Save the Excel document, either option is fine. When the report displays, you will see a list of users (employees) who report to you.

Report Criteria:
- Task: Annual Performance Planning
- Report Generated By: Jones, Sally
- Report Date: 3/18/2020

At a quick glance, you can see if a performance review task is fully completed by reviewing the Task Status Column. You will also see a column for each step in workflow, if the Task Status column does not indicate that the task is complete, all other columns will show not started, in-progress, completed or past due. You will be able to add filters and sort your data by preference.
