

Governor's Conference on

LEADERSHIP, EQUALITY, ACCESSIBILITY & DIVERSITY

INTRODUCTION

The Governor's Conference on Leadership, Equality, Accessibility and Diversity (KyLEAD) is one of the largest diversity and leadership professional development opportunities in the region. In 2020, the KyLEAD Conference was transformed into a virtual experience that attracted over 1,000 professionals representing legal, human resources, administrative and diversity fields from across the U.S.

Participants engaged in conversations facilitated by an amazing line-up of speakers, heard remarks from Gov. Andy Beshear and connected with sponsors through raffles and other forms of digital outreach.

As we build on the success of the last year's event, we extend the opportunity to your organization and business to partner with the Kentucky Personnel Cabinet for the 2021 KyLEAD Conference, projected to experience significant growth and engagement among attendees this November. Thank you in advance for your support and commitment to diversity and inclusion!
