

New benefit for parents of children with learning, behavioral, or social challenges

rethink
BENEFITS

We know caring for a child with learning, behavioral, or social challenges, or a developmental disability can be stressful, and balancing a busy work schedule with finding successful treatment options can be overwhelming. To help address these challenges, we are now offering a unique benefit called Rethink, that can help your child reach their fullest potential by equipping you with tools, resources, and consultation sessions — putting best practice treatment solutions at your fingertips. Plus, there is NO COST to you for this new parent support program!

Webinar: Introduction to Rethink

Jan. 30, 2019

4 p.m. ET

Register [HERE](#)

In this short 45-minute webinar, you'll learn more about this new program, and be able to ask questions and interact with an expert behavioral therapist.

Learn how to access your new:

- One-on-one virtual consultation sessions with our team of behavioral experts and special educators, where you will get help teaching skills, extra support utilizing Rethink, and ask any questions you may have.

- Comprehensive video library based on principles of Applied Behavior Analysis (ABA) showing you, step-by-step, how to teach social skills, language, self-help, play, academics, pre-vocational, and more!
- Assessments and learning plans that are customized for each child's specific needs, to guide you on how to teach skills and decrease problem behaviors effectively.
- Resources such as printable teaching materials, expert-led webinars, care coordination capabilities, data collection and progress reporting tools, peer support forums, and much more

Your participation is completely confidential, and Rethink is a fully HIPAA compliant partner. Please register for the webinar to learn more, or if you're ready to get started, you can sign up now.
