This booklet will be available through the Personnel Cabinet's web site at <http://kehpcy.gov/>. It contains information regarding the benefits provided and other Plan information.

ADDITIONAL PRESCRIPTION DRUG BENEFIT INFORMATION

If an *employee/eligible dependent* purchases a *brand name prescription*, and an equivalent *generic prescription* is available, the *employee/eligible dependent* must pay the difference between the *brand name prescription* and the *generic prescription* plus any applicable *brand prescription copayment*. This is referred to as an ancillary fee. If the physician writes on the *prescription* “dispense as written”, the drug will be dispensed as such, and the *employee/eligible dependent* will only be responsible for the *brand name prescription copayment*.

The *Kentucky Employees Health Plan* utilizes Express Scripts 2007 National Preferred Formulary. You may request a copy by calling 877-597-7474 or by visiting Express Scripts web site at www.express-scripts.com.

The *Kentucky Employees Health Plan* provides a benefit for certain over-the-counter (OTC) nicotine replacement therapies. This program requires active participation in an approved tobacco cessation program. Participants in this program will receive a benefit for these therapies at an appropriate copayment.

SPECIALTY INJECTABLE DRUGS

The *Kentucky Employees Health Plan* utilizes *CuraScript* for specialty injectable drugs used to treat chronic conditions. *CuraScript* Pharmacy, a wholly owned subsidiary of Express Scripts, is a national provider of specialty pharmacy services offering a broad range of healthcare products and services for individuals with chronic health conditions such as, growth hormone deficiencies, hepatitis C, hemophilia, HIV/AIDS, oncology, multiple sclerosis, rheumatoid arthritis, and many others. *CuraScript* provides comprehensive patient management services including clinical case management programs, counseling, education, and social services. Medications will be ordered specifically for you and delivered to your home. *CuraScript* will allow for the first fill at any participating pharmacy. After the initial fill, all remaining medications must then be filled by *CuraScript*. *CuraScript* will handle everything about your specialty medications for you. A Patient Care Coordinator works with you to ensure you receive the care you need. Your specialty drugs will be delivered to your home within a reasonable time, usually within

24 hours. Included with your specialty drugs will be all your needed supplies – needles, syringes, alcohol swabs and sharps containers, at no additional cost to you.

CuraScript specializes in oral and injectable specialty medications. *CuraScript* offers many products and services that you don't get from other pharmacies. Most importantly, *CuraScript*:

- assigns you a Patient Care Coordinator who serves as your personal advocate and your point of contact. This highly trained individual works closely with your physician and your insurer to obtain prior authorizations, coordinate billing with your insurer and will even contact you when it's time to refill your prescription.
- has a complete specialty pharmacy inventory with many specialty medications that aren't readily available at a local pharmacy.
- delivers your specialty medications directly to you or your doctor.
- provides you with the necessary supplies you need to administer your medications — at no additional cost.
- offers clinically based care management programs — which include consultation with your doctor — to help you get the most benefit from the specialty medications that your doctor has prescribed for you.

Additional information, including a current listing of the drugs that must be purchased through *CuraScript* can be obtained by calling 877-597-7474.

STEP THERAPY

What is Step Therapy?

Step Therapy is a program especially for people who take prescription drugs regularly for an ongoing condition, such as arthritis, asthma, or high blood pressure. It provides the treatment you need while keeping your costs as low as possible.

How does it work?

The program moves you along a well-planned path, with your doctor approving your medications. Your path starts with “first-step” drugs — usually generic drugs proven to be safe and effective. You pay the lowest copayment for these drugs. More expensive brand-name drugs — “second-step” drugs — could be covered if you've tried and can't take first-step drugs.

For example, with the stomach ulcer step therapy, generic Prilosec is an example of a first-line drug that must be tried before a second-line drug such as Prevacid or Nexium. If you use a first-line prescription drug that does not work, a second-line drug may be approved for use. In some situations, a member may be granted a prior authorization for a second-line prescription drug if specific medical criteria have been met without the trial of a first-line prescription drug.

The Kentucky Employees Health Plan has contracted with Express Scripts to provide the Step Therapy. Express Scripts utilizes their guidelines and they work with your doctor to determine the most appropriate prescription drugs for you to use. The Commonwealth does not have the authority to override a decision made by Express Scripts.

Break in Therapy

If you have been taking a drug that requires step therapy and, for any reason, the prescription drug is not filled within 130 days from the last fill, it will be considered a break in therapy and you must begin step therapy again, unless your doctor calls and receives prior authorization.

Examples of prescription drugs requiring Step Therapy:

If authorized, the *prescription* drug will fall under the corresponding *copayment* levels, and the prior authorization will be good for one year from the date of the prior authorization (with the exception of weight loss drugs) After the timeframe for the prior authorization is exhausted, your physician must call Express Scripts to request another prior authorization. The co-pay for these prescription drugs will be at the appropriate tier for a one month supply and are not eligible for the maintenance drug program. Members will only receive a 3 month supply each calendar year.

** The Kentucky Employees Health Plan will only cover these prescription drugs if the member is enrolled in the Why Weight Kentucky Program with Humana (Active Health). Why Weight Kentucky is a new weight management program that is designed to assist you in achieving and maintaining a healthy weight. To qualify for the Why Weight Kentucky Program, you must have a Body Mass Index (BMI) of greater than thirty (30). For additional information regarding the Weight Management Program, call 1-877-597-7474.

Prior Authorization Hotline

The most efficient way to initiate a prior authorization review is to ask your physician to contact Express Script's prior authorization hotline at 800-241-1390. If the request is approved, an override code is provided for the pharmacist to enter and the claim is processed. If the request is not approved, this information is provided, and a follow-up letter is sent to the physician and member.

Prior Authorization Form

This form can be faxed to Express Scripts for review. To get the form, you can call Express Scripts at 877-KY-SPIRIT (877-597-7474). Requests should be made by the physician, or if the pharmacist has enough information, he or she can complete the form.

To verify if a *prescription* drug requires *prior authorization*, call 877-597-7474 or visit the *Plan Manager's* web site at www.express-scripts.com.

QUANTITY LEVEL LIMITS (QLL)

Some *prescription* drugs may be subject to Quantity Level Limits (QLL) such as quantity or duration. *QLL* will determine the monthly drug dosage dispensed and/or the number of months the drug usage is usually needed to treat a particular condition.

QLL makes sure you receive the medication you need in the quantity considered safe and the quantity that is recommended by the drug manufacturer, the U.S. Food & Drug Administration (FDA) and clinical studies.

How the program works:

At the pharmacy, you might be told that you're asking for a refill too soon; that is, you should still have some of your medication on hand. In this case, simply ask your pharmacist when you can get your next refill. If your prescription is written for a larger amount than your plan covers:

- You can ask your pharmacist to give you the amount that your plan covers. You will pay the appropriate copayment each time.
- Or, your pharmacist can ask your doctor to change your prescription to a higher strength, when one is available. For instance, you might take one 40 mg pill instead of two 20 mg pills. This way, you meet your plan's quantity limit, you get the daily dose you need and you have fewer copayments.
- Or, if your doctor doesn't agree with the limit, he or she can call Express Scripts to request a prior authorization, which may let you get a greater quantity.

Quantity limits can help you get the prescription drugs you need safely and affordably. To verify if a *prescription* drug is subject to *QLL*, call 877-597-7474 or visit the *Plan Manager's* web site at www.express-scripts.com.

PRESCRIPTION DRUG BENEFITS

RETAIL PHARMACY

Your Plan provisions include a retail *prescription* drug benefit. Your Humana health insurance identification (ID) card will provide the information for you to present to your pharmacy.

Present your ID card at a *participating pharmacy* when purchasing a *prescription*. *Prescriptions* dispensed at a retail *pharmacy* are limited to a 30 day supply per *prescription* or refill.

MAIL ORDER PHARMACY

Your *prescription* drug coverage also includes *mail order pharmacy* benefits, allowing participants an easy and convenient way to obtain *prescription* drugs. If you have your prescription filled by the Express Scripts mail order pharmacy, your prescriptions will be shipped to your home address saving you time and money. Utilizing the mail order benefit will save you money by providing you a ninety (90) day supply of prescription drugs for the cost of a sixty (60) day supply.

Only prescription drugs classified by First Data Bank as maintenance drugs will be eligible for mail order pharmacy benefits.

The mail order option shall not permit the dispensing of a controlled substance classified in Schedule II – either through Express Scripts mail order or the retail pharmacy offering mail order benefits.

Retail pharmacies may participate in the mail order benefit provided they meet the terms and conditions for participation established by Express Scripts, including price, dispensing fee and copayment requirements of a mail order option.

In order for a prescription to qualify for the mail order option, you must have one (1) thirty (30) day supply filled at the retail pharmacy or one ninety (90) day supply within the last six (6) months.

If you fill a ninety (90) day prescription (either at mail or retail) and for any reason it is more than 180 days from the date of the fill, you will not be allowed to fill that prescription by mail order without first having one (1) thirty (30) day supply filled again at retail.

Mail order pharmacy prescriptions will only be filled with the quantity prescribed by your physician and are limited to a maximum of a:

- 90 day supply per *prescription* or refill for a drug received from a *mail order pharmacy*; or
- 90 day supply per *prescription* or refill for *self-administered injectable medications* ; or
- 90 day supply per prescription or refill for a drug received from a retail pharmacy that has agreed to participate in the “mail order at retail” benefit. For a listing of participating pharmacies that will honor the mail order at retail, go to the Personnel Cabinet’s web site at <http://kehpcy.gov>.

Additional *mail order pharmacy* information can be obtained by calling 877-597-7474 or by visiting the *Plan Manager’s* web site at www.express-scripts.com.

NON-PARTICIPATING PHARMACY

Your pharmaceutical benefits are managed through a network of participating pharmacies. If you choose to fill a prescription at a non-participating pharmacy, you will be subject to the following guidelines.

When you use a *non-participating pharmacy*, you must pay the *pharmacy* the full price of the drug and submit the *pharmacy* receipt to Express Scripts at the address listed below. You will be responsible for any *prescription* cost differential between the cost of the *prescription* and the cost of the negotiated price *prescription* at a *participating pharmacy* after the charge has been reduced by the applicable *copayment*.

You will have 180 days from the date the prescription is filled to file the prescription to Express Scripts.

Mail *pharmacy* receipts to:

Express Scripts
P. O. Box 66773
St. Louis MO 63166-6773
ATTN: Claims Department

The amount paid by the *Plan Manager* to the dispensing *pharmacy* may not reflect the ultimate cost to the *Plan Manager* for the drug. Your *copayment* is made on a per *prescription* or refill basis and will not be adjusted if the *Plan Manager* or your *employer* receives any retrospective volume discounts or *prescription* drug rebates.

Coordination of Benefits

BENEFITS SUBJECT TO THIS PROVISION

Benefits described in this Plan are coordinated with benefits provided by other plans under which *you* are also covered. This is to prevent duplication of coverage and a resulting increase in the cost of medical coverage.

For this purpose, a plan is one which covers medical, pharmacy or dental expenses and provides benefits or *services* by group, franchise or blanket insurance coverage. This includes group-type contracts not available to the general public, obtained and maintained only because of the *covered person's* membership in or connection with a particular organization or group, whether or not designated as franchise, blanket, or in some other fashion. Plan also includes any coverage provided through the following:

1. *Employer*, trustee, union, *employee* benefit, or other association; or
2. Governmental programs, programs mandated by state statute, or sponsored or provided by an educational institution.

This Coordination of Benefits provision does not apply to any individual policies or Blanket Student Accident Insurance provided by or through an educational institution. Allowable expense means any *eligible expense*, a portion of which is covered under one of the plans covering the person for whom *claim* is made. Each plan will determine what is an allowable expense according to the provisions of the respective plan. When a plan provides benefits in the form of *services* rather than cash payments, the reasonable cash value of each *service* rendered will be deemed to be both an allowable expense and a benefit paid.

EFFECT ON BENEFITS

One of the plans involved will pay benefits first. This is called the primary plan. All other plans are called secondary plans.

When this Plan is the secondary plan, the sum of the benefit payable will not exceed 100% of the allowable expenses incurred under the Plan and any other plans included under this provision.

ORDER OF BENEFIT DETERMINATION

In order to pay *claims*, it must be determined which plan is primary and which plan(s) are secondary. A plan will pay benefits first if it meets one of the following conditions:

1. The plan has no coordination of benefits provision;
2. The plan covers the person as an *employee*;
3. For a child who is covered under both parents' plans, the plan covering the parent whose birthday (month and day) occurs first in the *calendar year* pays before the plan covering the other parent. If the birthdates of both parents are the same, the Plan which has covered the person for the longer period of time will be determined the primary plan;

Coordination of Benefits Continued

If a plan other than this Plan does not include provision 3, then the gender rule will be followed to determine which plan is primary.

4. In the case of *dependent* children covered under the plans of divorced or separated parents, the following rules apply:
 - a. The plan of a parent who has custody will pay the benefits first;
 - b. The plan of a step-parent who has custody will pay benefits next;
 - c. The plan of a parent who does not have custody will pay benefits next;
 - d. The plan of a step-parent who does not have custody will pay benefits next.

There may be a court decree which gives one parent financial responsibility for the medical or dental expenses of the *dependent* children. If there is a court decree, the rules stated above will not apply if they conflict with the court decree. Instead, the plan of the parent with financial responsibility will pay benefits first.

5. If a person is laid off or is retired or is a *dependent* of such person, that plan covers after the plan covering such person as an active *employee* or *dependent* of such *employee*. If the other plan does not have this rule, and if, as a result, the plans do not agree on the order of benefits, this rule will be ignored.

If the above rules do not apply or cannot be determined, then the plan that covered the person for the longest period of time will pay first.

COORDINATION OF BENEFITS WITH MEDICARE

In all cases, Coordination of Benefits with *Medicare* will conform to Federal Statutes and Regulations. In the case of *Medicare*, each individual who is eligible for *Medicare* will be assumed to have full *Medicare* coverage (i.e. Part A hospital insurance and Part B voluntary medical insurance) whether or not the individual has enrolled for full coverage. *Your* benefits under the Plan will be coordinated to the extent benefits would otherwise have been paid under *Medicare* as allowed by Federal Statutes and Regulations.

REIMBURSEMENT/SUBROGATION

RIGHT OF RECOVERY

These provisions apply when Plan benefits are paid as a result of injuries or illnesses *you* sustained and *you* have a right to a recovery or received a recovery.

SUBROGATION

This Plan reserves all rights of subrogation. This means that the Plan has the right to recover its previously paid benefit payments from any award, settlement, or damages that *you* or *your dependent* may receive or to which *you* may become entitled. It also means that the Plan has the right to take action on *your* behalf to obtain an award, settlement, or damages. The Plan shall have the first lien upon all awards, settlements, or damages subject to its subrogation or reimbursement rights listed below. This lien shall be

in the amount of benefits provided or the amount of benefits that will be provided under the Plan, plus the reasonable expenses, including attorneys' fees, to enforce the Plan's rights.

The *beneficiary* agrees that by accepting and in return for the payment of *covered expenses* by the Plan in accordance with the terms of this Plan:

1. The Plan has the right to recover payments for benefits paid for by the Plan.
2. The Plan has the right to recover payment for benefits paid by the Plan to or on behalf of *you* or *your dependent* from any award, settlement, or damages that *you* or *your dependent* may become entitled to or receive as a result of an accident, a person's fault or negligence, or any other circumstance under which *you* or *your dependent* has the right to recover from any other party.
3. The Plan may recover its benefit payments for any type of benefit which may be paid by the Plan, such as medical, dental, vision, mental, disability, supplemental accident, or accidental death or dismemberment benefits.
4. An "award, settlement, or damages" includes any award, settlement, damages (whether equitable, legal, compensatory, etc.), compensation, benefits, or any other payment of any kind. The amount may be paid by formal court award, informal compromise, redemption agreement, application for benefits, or otherwise. The amount also may be paid in a lump sum, installment, or annuity payments (such as income replacement). The Plan has the right to recover from all of these amounts.
5. An "award, settlement, or damages" includes amounts of any type, kind, nature, or character, regardless of whether the amount identifies or covers the Plan's benefit payments, otherwise relates to medical benefits, or is specifically limited to certain kinds of damages or payments. In addition, attorneys' fees or any other costs associated with the amount will not reduce the amount of the Plan's reimbursement. This Plan has the first priority to recover from *your* award, settlement, or damages. The Plan's first priority lien also will apply regardless of whether *you* or *your dependent* is or was made whole from the award, settlement, or damages, whether before or after the Plan's subrogation recovery. This Plan precludes the operation of the "make-whole" and "common fund" doctrines.

Reimbursement/Subrogation Continued

6. *Your* “right to recover” from any other party means that *you* or *your dependent* has the right to recover damages or expenses from another party, such as an individual, partnership, corporation, government, or other entity, as well as against that party’s respective insurance carriers or governmental fund, for causing an injury or illness to *you* or *your dependent* or otherwise with respect to any injury or illness incurred by *you* or *your covered dependent*. This right to recover from any other party also includes *your* own insurance carrier, such as *your* automobile insurance, automobile no-fault coverage, homeowners, personal accident, general liability, or life insurance carrier. It also includes a second medical insurance or other non-insured medical or other coverage. It also includes uninsured and underinsured motorist coverage or programs. The Plan has the right to recover from any of these parties, or any other parties, in connection with *your* illness or injury. In the event *you* or *your dependent* is entitled to or receives an award, settlement, or damages from any party (which includes the other party’s or *your* own insurance carrier or coverage), the Plan has the first lien upon the award, settlement, or damages and must be reimbursed for its benefit payments made to *you* or *your dependent*, or on *your* behalf. The Plan’s first lien supersedes any right that the Plan participant may have to be “made whole.” In other words, the Plan is entitled to the right of first reimbursement out of any award, settlement, or damages the Plan participant procures or may be entitled to procure regardless of whether the Plan participant has received compensation for any of his or her damages or expenses, including any of his or her attorneys’ fees or costs. Additionally, the Plan’s right of first reimbursement will not be “set-off” or reduced for any reason, including attorneys’ fees, costs, comparative negligence, limits of collectibility or responsibility, or otherwise. As a condition to receiving benefits under the Plan, the Plan participant agrees that acceptance of benefits is constructive notice of this provision. Reimbursement to the Plan must be made immediately upon entitlement or receipt of any award, settlement, or damages. The Plan will charge interest at a reasonable rate for any delay in reimbursement.

PLAN’S RIGHT TO ASSERT CLAIMS ON YOUR BEHALF

The Plan has the right, if it so chooses, to assert rights on *your* behalf to obtain an award, settlement, or damages. Specifically, through subrogation, the Plan is entitled to all claims, demands, actions, and rights of recovery which *you* or *your dependent* may have against or from any party to the extent of the Plan’s benefit payments. In addition, this Plan is entitled to attorneys’ fees incurred in asserting rights on *your* behalf. The Plan does not require *you* or *your dependent* to pursue a claim against another party. However, as stated above, the Plan reserves the right to directly pursue recovery against another party on *your* behalf, should *you* or *your dependent* elect not to pursue an award, settlement, or damages against or from a party.

MISCELLANEOUS SUBROGATION

You, *your dependent*, *your* attorneys, or anyone acting on *your* behalf legally cannot do anything to prejudice the rights of the Plan in the exercise of its subrogation rights to recover from, or assert *your* rights to obtain, an award, settlement, or damages. The Plan’s subrogation rights also extend to the guardian or estate of *you* and *your dependent*. The Plan’s subrogation provisions will apply without limitation by the Plan’s Coordination of Benefits provisions, unless the Coordination of Benefits provisions would result in a greater recovery for the Plan.

Reimbursement/Subrogation Continued

DUTY TO COOPERATE

As a condition to participating in the Plan and receiving benefits under the Plan, *you* and *your dependent* agree to be bound by all of the Plan's provisions, including, but not limited to, the Plan's subrogation provisions. The Plan will make benefit payments on a claim on the condition that *you* or *your dependent*, upon entitlement or receipt of any award, settlement, or damages, will fully reimburse the Plan for the Plan's benefit payments and for expenses (including attorneys' fees and costs of suit, regardless of an action's outcome) incurred by the Plan in collecting this amount. As a precondition to receiving benefits under the Plan, *you* and *your dependent* must enter into agreement with the Plan to reimburse the Plan for its benefit payments from any award, settlement, or damages pursuant to the Plan's subrogation provisions. In this agreement, *you* also must agree to assign direct payment to the Plan from any award, settlement, or damages to the extent of the Plan's benefit payments. *You* and *your dependent* also otherwise must sign and deliver any and all instruments, papers, and reimbursement agreements required by the Plan necessary for the Plan's reimbursement right. *You* and *your dependent* also are required to do whatever is requested or necessary in order to fully execute and to fully protect all the Plan's rights and to do nothing that would interfere with or diminish those rights. Further, *you* and *your dependent* must notify the Plan in writing of any proposed settlement and obtain the Plan's written consent before signing any release or agreeing to any settlement. In any event, the Plan's benefit payments for any current or historical claims under the Plan on *your* behalf will be deemed to be the equivalent of *you* or *your covered dependent* entering into an agreement to reimburse the Plan and otherwise signing and delivering any instruments and papers as required by the Plan. In the event that *you* or *your dependent* fails to enter into the foregoing agreement, or to otherwise comply with such requests, the Plan is entitled to withhold or deny benefits otherwise due under the Plan until *you* do so.

RETENTION OF AN ATTORNEY

If *you* or *your* attorney receives any recovery (whether by award, settlement, damages, compromise, or otherwise), *you* have an absolute obligation to immediately tender the recovery to the Plan under the terms of this provision. If *you* or *your* attorney does not immediately tender the recovery to the Plan, *you* will be deemed to hold the recovery in constructive trust for the Plan, because *you* or *your* attorney is not the rightful owner of the recovery and should not be in possession of the recovery until the Plan has been fully reimbursed.

PARTICIPANT'S NONCOMPLIANCE

If *you* or *your dependent* do not comply with the provisions of this section, the Plan Administrator shall have the authority, at its sole discretion, to deny payment of any claims for benefits by *you* and to deny or reduce future benefits payable (including payment of future benefits for other injuries or illnesses) under the Plan by the amount due as reimbursement to the Plan. The Plan Administrator may also, at its sole discretion, deny or reduce future benefits (including future benefits for other injuries or illnesses) under any other group benefits plan maintained by the Plan Sponsor. The reductions will equal the amount of the required reimbursement. If the Plan must bring an action against *you* to enforce this provision, then *you* agree to pay the Plan's attorneys' fees and costs, regardless of the action's outcome.

Reimbursement/Subrogation Continued

RIGHT TO COLLECT NEEDED INFORMATION

You must cooperate with the *Plan Manager* and when asked, assist the *Plan Manager* by:

- Authorizing the release of medical information including the names of all *providers* from whom *you* received medical attention;
- Obtaining medical information and/or records from any *provider* as requested by the *Plan Manager*;
- Providing information regarding the circumstances of *your sickness* or *bodily injury*;
- Providing information about other insurance coverage and benefits, including information related to any *bodily injury* or *sickness* for which another party may be liable to pay compensation or benefits; and
- Providing information the *Plan Manager* requests to administer the Plan.

Failure to provide the necessary information will result in denial of any pending or subsequent *claims*, pertaining to a *bodily injury* or *sickness* for which the information is sought, until the necessary information is satisfactorily provided.

REIMBURSEMENT/SUBROGATION EXCLUSIONS

1. *Sickness* or *bodily injury* for which medical payments/personal injury protection (PIP) coverage exists under any automobile, homeowner, marine, aviation, premise, or any other similar coverage, whether such coverage is in effect on a primary, secondary, or excess basis. This exclusion applies up to the available limit under the other coverage regardless of whether a *claim* is filed with the medical payments/PIP *carrier*. Whether medical payment or expense coverage is payable under another coverage is to be determined as if the coverages under this Plan did not exist;
2. Any *covered expenses* to the extent of any amount received from others for the *bodily injuries* or losses which necessitate such benefits. "Amounts received from others" specifically includes, without limitation, liability insurance, worker's compensation, uninsured motorists, underinsured motorists, "no-fault" and automobile med-pay payments.

GENERAL PROVISIONS

The following provisions are to protect your legal rights and the legal rights of the Plan.

CONTESTABILITY

The Plan has the right to contest the validity of your coverage under the Plan at any time.

RIGHT TO REQUEST OVERPAYMENTS

The Plan reserves the right to recover any payments made by the Plan that were:

1. Made in error; or
2. Made to you or any party on your behalf where the Plan determines the payment to you or any party is greater than the amount payable under this Plan.

The Plan has the right to recover against you if the Plan has paid you or any other party on your behalf.

WORKERS' COMPENSATION NOT AFFECTED

The Plan is not issued in lieu of, nor does it affect any requirement for coverage by any Workers' Compensation or Occupational Disease Act or Law.

WORKERS' COMPENSATION

If benefits are paid by the Plan and the Plan determines you received Workers' Compensation for the same incident, the Plan has the right to recover as described under the Reimbursement/Subrogation provision. The Plan will exercise its right to recover against you even though:

1. The Workers' Compensation benefits are in dispute or are made by means of settlement or compromise;
2. No final determination is made that *bodily injury* or *illness* was sustained in the course of or resulted from your employment;
3. The amount of Workers' Compensation due to medical or health care is not agreed upon or defined by you or the Workers' Compensation carrier;
4. The medical or health care benefits are specifically excluded from the Workers' Compensation settlement or compromise.

You hereby agree that, in consideration for the coverage provided by the Plan, you will notify the *Plan Manager* of any Workers' Compensation claim you make, and that you agree to reimburse the Plan as described above.

MEDICAID

This Plan will not take into account the fact that an *employee* or *dependent* is eligible for medical assistance or Medicaid under state law with respect to enrollment, determining eligibility for benefits, or paying claims.

If payment for Medicaid benefits has been made under a state Medicaid plan for which payment would

otherwise be due under this Plan, payment of benefits under this Plan will be made in accordance with a state law which provides that the state has acquired the rights with respect to a covered *employee* to the benefits payment.

RIGHT OF RECOVERY

The Plan reserves the right to recover benefit payments made for an allowable expense under the Plan in the amount which exceeds the maximum amount the Plan is required to pay under these provisions. This right of recovery applies to the Plan against:

1. Any person(s) to, for or with respect to whom, such payments were made; or
2. Any other insurance companies, or organizations which according to these provisions, owe benefits due for the same allowable expense under any other plan.

The Plan alone will determine against whom this right of recovery will be exercised.

CONSTRUCTION OF PLAN TERMS

The Plan has the sole right to construe and prescribe the meaning, scope and application of each and all of the terms of the Plan, including, without limitation, the benefits provided thereunder, the obligations of the *beneficiary* and the recovery rights of the Plan; such construction and prescription by the Plan shall be final and uncontestable.

PRIVACY OF PROTECTED HEALTH INFORMATION

In order for the Plan to operate, it may be necessary from time to time for health care professionals, the Plan Administrator, individuals who perform Plan-related functions under the auspices of the Plan Administrator, the *Plan Manager* and other service providers that have been engaged to assist the Plan in discharging its obligations with respect to delivery of benefits, to have access to what is referred to as *protected health information*.

A *covered person* will be deemed to have consented to use of *protected health information* about him or her by virtue of enrollment in the Plan. Any individual who may not have intended to provide this consent and who does not so consent must contact the Plan Administrator prior to filing any claim for Plan benefits, as coverage under the Plan is contingent upon consent.

Individually identifiable health information will only be used or disclosed for purposes of Plan operation or benefits delivery. In that regard, only the minimum necessary disclosure will be allowed. The Plan Administrator, *Plan Manager*, and other entities given access to *protected health information*, as permitted by applicable law, will safeguard *protected health information* to ensure that the information is not improperly disclosed.

Disclosure of *protected health information* is improper if it is not allowed by law or if it is made for any purpose other than Plan operation or benefits delivery. Disclosure for Plan purposes to persons authorized to receive *protected health information* may be proper, so long as the disclosure is allowed by law and appropriate under the circumstances. Improper disclosure includes disclosure to the *employer* for employment purposes, *employee* representatives, consultants, attorneys, relatives, etc. who have not executed appropriate agreements effective to authorize such disclosure.

The *Plan Manager* will afford access to *protected health information* in its possession only as necessary to discharge its obligations as a service provider, within the restrictions noted above. However, Plan

records that include *protected health information* are the property of the Plan. Information received by the *Plan Manager* is information received on behalf of the Plan.

The *Plan Manager* will afford access to *protected health information* as reasonably directed in writing by the Plan Administrator, which shall only be made with due regard for confidentiality.

In addition, you should know that the *employer* / Plan Sponsor may legally have access, on an as-needed basis, to limited health information for the purpose of determining Plan costs, contributions, Plan design, and whether Plan modifications are warranted. In addition, federal regulators such as the Department of Health and Human Services and the Department of Labor may legally require access to *protected health information* to police federal legal requirements about privacy.

Covered persons may have access to *protected health information* about them that is in the possession of the Plan, and they may make changes to correct errors. *Covered persons* are also entitled to an accounting of all disclosures that may be made by any person who acquires access to *protected health information* concerning them and uses it other than for Plan operation or benefits delivery. In this regard, please contact the Plan Administrator.

Covered persons are urged to contact the originating health care professional with respect to medical information that may have been acquired from them, as those items of information are relevant to medical care and treatment. And finally, *covered persons* may consent to disclosure of *protected health information*, as they please.

CLAIMS PROCEDURES

SUBMITTING A CLAIM

This section describes what a *covered person* (or his or her authorized representative) must do to file a claim for Plan benefits.

- Claims must be submitted to the *Plan Manager* at the address indicated in the documents describing the Plan or *claimant's* identification card. Claims will not be deemed submitted for purposes of these procedures unless and until received at the correct address.
- Also, claims submissions must be in a format acceptable to the *Plan Manager* and compliant with any applicable legal requirements. Claims that are not submitted in accordance with the requirements of applicable federal law respecting privacy of protected health information and/or electronic claims standards will not be accepted by the Plan.
- Claims submissions must be timely. Claims must be filed as soon as reasonably possible after they are incurred, and in no event later than **180 days** after the date of loss, except if you were legally incapacitated. Plan benefits are only available for claims that are incurred by a *covered person* during the period that he or she is covered under the Plan.
- Claims submissions must be complete. They must contain, at a minimum:
 - a. The name of the *covered person* who incurred the *covered expense*;
 - b. The name and address of the health care provider;
 - c. The diagnosis of the condition;
 - d. The procedure or nature of the treatment;
 - e. The date of and place where the procedure or treatment has been or will be provided;
 - f. The amount billed and the amount of the covered expense not paid through coverage other than Plan coverage, as appropriate;
 - g. Evidence that substantiates the nature, amount, and timeliness of each *covered expense* in a format that is acceptable according to industry standards and in compliance with applicable law.

Presentation of a *prescription* to a *pharmacy* does not constitute a claim. If a *covered person* is required to pay the cost of a covered *prescription* drug, however, he or she may submit a claim based on that amount to the *Plan Manager*.

A general request for an interpretation of Plan provisions will not be considered to be a claim. Requests of this type, such as a request for an interpretation of the eligibility provisions of the Plan, should be directed to the Plan Administrator.

Pharmacy claims and correspondence should be mailed to:

Express Scripts
P. O. Box 66773
St. Louis, MO 63166

PROCEDURAL DEFECTS

If a *pre-service claim* submission is not made in accordance with the Plan's procedural requirements, the *Plan Manager* will notify the *claimant* of the procedural deficiency and how it may be cured no later than within five (5) days (or within 24 hours, in the case of an *urgent care claim*) following the failure. A *post-service claim* that is not submitted in accordance with these claims procedures will be returned to the submitter.

ASSIGNMENTS AND REPRESENTATIVES

A *covered person* may assign his or her right to receive Plan benefits to a health care provider only with the consent of the *Plan Manager*, in its sole discretion, except as may be required by applicable law. Assignments must be in writing. If a document is not sufficient to constitute an assignment, as determined by the *Plan Manager*, then the Plan will not consider an assignment to have been made. An assignment is not binding on the Plan until the *Plan Manager* receives and acknowledges in writing the original or copy of the assignment before payment of the benefit.

If benefits are assigned in accordance with the foregoing paragraph and a health care provider submits claims on behalf of a *covered person*, benefits will be paid to that health care provider.

In addition, a *covered person* may designate an authorized representative to act on his or her behalf in pursuing a benefit claim or appeal. The designation must be explicitly stated in writing and it must authorize disclosure of Protected Health Information with respect to the claim by the Plan, the *Plan Manager* and the authorized representative to one another. If a document is not sufficient to constitute a designation of an authorized representative, as determined by the *Plan Manager*, then the Plan will not consider a designation to have been made. An assignment of benefits does not constitute designation of an authorized representative.

- Any document designating an authorized representative must be submitted to the *Plan Manager* in advance, or at the time an authorized representative commences a course of action on behalf of a *claimant*. At the same time, the authorized representative should also provide notice of commencement of the action on behalf of the *claimant* to the *claimant*, which the *Plan Manager* may verify with the *claimant* prior to recognizing the authorized representative status.
- In any event, a health care provider with knowledge of a *claimant's* medical condition acting in connection with an *urgent care claim* will be recognized by the Plan as the *claimant's* authorized representative.

Covered persons should carefully consider whether to designate an authorized representative. An authorized representative may make decisions independent of the *covered person*, such as whether and how to appeal a claim denial.

CLAIMS DECISIONS

After submission of a claim by a *claimant*, the *Plan Manager* will notify the *claimant* within a reasonable time, as follows:

PRE-SERVICE CLAIMS

The *Plan Manager* will notify the *claimant* of a favorable or adverse determination within a reasonable time appropriate to the medical circumstances, but no later than 15 days after receipt of the claim by the Plan.

However, this period may be extended by an additional 15 days, if the *Plan Manager* determines that the extension is necessary due to matters beyond the control of the Plan. The *Plan Manager* will notify the affected *claimant* of the extension before the end of the initial 15-day period, the circumstances requiring the extension, and the date by which the Plan expects to make a decision.

If the reason for the extension is because of the *claimant's* failure to submit information necessary to decide the claim, the notice of extension will describe the required information. The *claimant* will have at least 45 days from the date the notice is received to provide the specified information.

URGENT CARE CLAIMS

The *Plan Manager* will determine whether a claim is an *urgent care claim*. This determination will be made on the basis of information furnished by or on behalf of a *claimant*. In making this determination, the *Plan Manager* will exercise its judgment, with deference to the judgment of a physician with knowledge of the *claimant's* condition. Accordingly, the *Plan Manager* may require a *claimant* to clarify the medical urgency and circumstances that support the *urgent care claim* for expedited decision-making.

The *Plan Manager* will notify the *claimant* of a favorable or adverse determination as soon as possible, taking into account the medical exigencies particular to the *claimant's* situation, but not later than 72 hours after receipt of the *urgent care claim* by the Plan.

However, if a claim is submitted that does not provide sufficient information to determine whether, or to what extent, expenses are covered or payable under the Plan, notice will be provided by the *Plan Manager* as soon as possible, but not more than 24 hours after receipt of the *urgent care claim* by the Plan. The notice will describe the specific information necessary to complete the claim.

- The *claimant* will have a reasonable amount of time, taking into account his or her circumstances, to provide the necessary information but not less than 48 hours.
- The *Plan Manager* will notify the *claimant* of the Plan's *urgent care claim* determination as soon as possible, but in no event more than 48 hours after the earlier of:
 - a. The Plan's receipt of the specified information; or
 - b. The end of the period afforded the *claimant* to provide the specified additional information.

CONCURRENT CARE DECISIONS

The *Plan Manager* will notify a *claimant* of a *concurrent care decision* that involves a reduction in or termination of benefits that have been pre-authorized. The *Plan Manager* will provide the notice sufficiently in advance of the reduction or termination to allow the *claimant* to appeal and obtain a determination on review of the adverse determination before the benefit is reduced or terminated.

A request by a *claimant* to extend a course of treatment beyond the period of time or number of treatments that is a claim involving urgent care will be decided by the *Plan Manager* as soon as possible, taking into account the medical exigencies. The *Plan Manager* will notify a *claimant* of the benefit determination, whether adverse or not within 24 hours after receipt of the claim by the Plan, provided that the claim is submitted to the Plan at least 24 hours prior to the expiration of the prescribed period of time or number of treatments.

POST-SERVICE CLAIMS

The *Plan Manager* will notify the *claimant* of a favorable or adverse determination within a reasonable time, but not later than 30 days after receipt of the claim by the Plan.

However, this period may be extended by an additional 15 days, if the *Plan Manager* determines that the extension is necessary due to matters beyond the control of the Plan. The *Plan Manager* will notify the affected *claimant* of the extension before the end of the initial 30-day period, the circumstances requiring the extension, and the date by which the Plan expects to make a decision.

If the reason for the extension is because of the *claimant's* failure to submit information necessary to decide the claim, the notice of extension will describe the required information. The *claimant* will have at least 45 days from the date the notice is received to provide the specified information. The *Plan Manager* will make a decision no later than 15 days after the earlier of the date on which the information provided by the *claimant* is received by the Plan or the expiration of the time allowed for submission of the additional information.

TIMES FOR DECISIONS

The periods of time for claims decisions presented above begin when a claim is received by the Plan, in accordance with these claims procedures.

PAYMENT OF CLAIMS

Participating pharmacies will request an assignment of benefits as a matter of convenience to both provider and patient. Also as a matter of convenience, the *Plan Manager* will, in its sole discretion, assume that an assignment of benefits has been made to certain Network Providers. If you have paid the bill, please indicate on the original statement, "paid by *employee*," and send it directly to the *Plan Manager*. You will receive a written explanation of the benefit determination. The *Plan Manager* reserves the right to request any information required to determine benefits or process a claim. You or the provider of *services* will be contacted if additional information is needed to process your claim.

When an *employee's* child is subject to a medical child support order, the *Plan Manager* will make reimbursement of eligible expenses paid by you, the child, the child's non-employee custodial parent, or legal guardian, to that child or the child's custodial parent, or legal guardian, or as provided in the medical child support order.

Payment of benefits under this Plan will be made in accordance with an assignment of rights for you and your *dependents* as required under state Medicaid law.

Benefits payable on behalf of you or your covered *dependent* after death will be paid, at the Plan's option, to any *family member(s)* or your estate. The *Plan Manager* will rely upon an affidavit to determine benefit payment, unless it receives written notice of valid claim before payment is made. The affidavit will release the Plan from further liability.

Any payment made by the *Plan Manager* in good faith will fully discharge it to the extent of such payment.

Payments due under the Plan will be paid upon receipt of written proof of loss.

INITIAL DENIAL NOTICES

Appeals/Grievances

If your pharmacy claims have been denied, you have the right to file an appeal or grievance to Express Scripts. The following section outlines your rights to file an appeal.

1. **Adverse Determination** – procedures performed or proposed to a covered person are not deemed medically necessary, by the insurer, or are experimental or investigational services and would result in coverage being denied, reduced or terminated. An adverse determination does not mean a determination that the health care services are limited or excluded by the plan, unless medical necessity is a result of the limitations or exclusions.
2. **Coverage Denial** – services, treatments, drugs or devices that are specifically limited or excluded under the covered person's plan.
3. **Administrative Appeals/Grievances** – for situations that do not fall in the category of either adverse determinations or coverage denials. For example, a change has been made to the Formulary and a member feels his/her cost should be different than what is determined by the plan (i.e., a drug is covered on the 3rd tier and the member feels the drug should be covered as a 1st or 2nd tier co-pay).

Who Should Perform the Appeal?

Adverse Determination – Express Scripts will handle the Internal Appeal Process for Adverse Determinations in accordance with KRS 304.17A.600-633.

Coverage Denial – Express Scripts will handle the Internal Appeal Process for Coverage Denials in accordance with KRS 304.17A.600-633.

Administrative Appeals/Grievance – The Department for Employee Insurance will handle all Administrative Appeals.

How to File an Internal Appeal – Adverse Determination or Coverage Denial

To appeal a denial of a *prescription drug*, the member, authorized person or provider should file an appeal to:

Express Scripts, Inc.
Appeals - CKY
Mail Route BLO390
6625 W. 78th Street
Bloomington, MN 55439

Initial Complaint – a member should always contact Express Scripts’ Member Service Department first (the numbers are located on the back of the ID card). Many problems can be resolved the same day. If not, the member services representative will investigate and contact the member with their findings and any action taken to resolve the complaint. If a member’s complaint is related to a denial of coverage or other decision by the Express Scripts, the member may file an appeal.

Internal Appeal

If the complaint is not resolved to the satisfaction of the member, on the initial complaint to Express Scripts’ Customer Service Department, the employee may request an internal appeal. A request for an internal appeal must be submitted in writing within one hundred eighty (180) days of receipt of a denial letter. The letter should be sent to the address listed above and should include at a minimum the following information:

- Member’s name and patient’s name.
- The member’s Kentucky Employees Health Plan Identification Number (found on the member’s health insurance card).
- The member’s address and daytime phone number.
- The initial denial letter.
- The service being denied. Include all facts and issues related to the denial, including the names of providers involved and medical records.

Note: A physician who did not participate in the initial review and denial will review the internal appeal. If the Denial is for an Adverse Determination and the service requires a medical or surgical specialty, you may request a review by a board eligible or certified physician from the appropriate specialty.

Express Scripts will notify the member of the internal appeal decision within thirty (30) calendar days of receipt of the internal appeal request.

Expedited Appeal
