

# Accessing your health insurance benefits in 2015

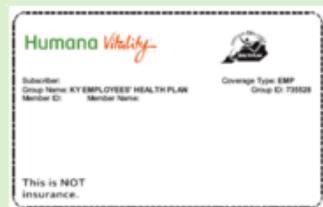

Important information is coming your way! Watch for it!

Be on the lookout! You are about to receive your 2015 medical/pharmacy benefits card in the mail. This card will list the health plan you selected (administered by Anthem), and your pharmacy information (administered by CVS/caremark). Use this card when you need medical or pharmacy services. Call 1-844-402-KEHP for health plan questions or 1-866-601-6934 for pharmacy questions, or go to [anthem.com](http://anthem.com) or [caremark.com](http://caremark.com).

You will receive a WageWorks VISA healthcare card if you have a LivingWell or Standard CDHP, healthcare FSA or HRA. After Dec. 31, please destroy your HumanaAccess VISA card, as it will no longer work. You will be able to submit 2015 claims and use this card beginning Jan. 1, 2015. Call 1-877-430-5519 or go to [wageworks.com/kehps](http://wageworks.com/kehps).

New this year, you will receive a HumanaVitality card. Use this card at certain gyms and onsite medical locations (along with the required form from the website) so that your wellness activity and prevention screenings will be provided to HumanaVitality and you can earn those points!

If you already have a MyHumana username/password, you can use it to sign in to HumanaVitality in 2015. Call 1-855-478-1623 for customer service or go to [humana.com](http://humana.com).

You may always call the Kentucky Employees' Health Plan (KEHP) at 502-564-6534 or 888-581-8834. Or visit us at [kehps.ky.gov](http://kehps.ky.gov).
