

The benefits are clear

Your dental plan covers at-home teeth straightening with clear aligners

Your Anthem dental benefits give you access to dental care from the comfort of home. This includes teeth straightening with clear aligners through Anthem's Ortho@Home program.¹

If you want or need mild-to-moderate teeth straightening, Ortho@Home helps make it more affordable. This program gives you access to at-home clear aligner straightening, as well as retainers when treatment is finished. You can save \$150 to \$200 off retail pricing. Teeth whitening is also included at no extra cost.

Ortho@Home is convenient, too. There's no need for monthly follow-up visits to an orthodontist's office, and the average treatment plan is six months or less.

Here's how it works

To begin treatment, you will need to choose a dental care professional in your plan's network:

- Visit anthem.com/kehps or use our SydneySM Health mobile app. From the Menu on the main page, select **Find Care**, click the first link, and then look for a dental professional by entering your ZIP code and selecting **Search**.
- Choose an orthodontic professional to be taken to their website for more information.

Next, you have two options for creating impressions of your teeth. You can order an at-home impression kit from a retailer in your plan's network, or you can visit a retail location in your plan's network for a digital scan.

Your dental professional or orthodontist will then determine the most appropriate care and create a treatment plan for you. When treatment is complete, you will receive your first retainer at no extra cost to help keep your smile in place.²

We're ready to help

If you have questions about your dental benefits, call **844-402-KEHP (5347)** to talk with an Anthem representative, Monday through Friday, 8 a.m. to 8 p.m. ET.

Your out-of-pocket cost depends on your orthodontic plan. You can save money by choosing a dental care professional in your plan's network.³ They will also file your claim for you.

Anthem data based on in-network discounted negotiated pricing, April 2020.

¹ Ortho@Home is available to eligible Anthem members with orthodontic coverage. Coverage is included on plans with the Prime and Complete and Dental Blue 100/200/300 PPO networks.

² Except with SmileDirectClub, which charges a small fee.

³ Out-of-pocket cost estimate based on Anthem plan design for employee-only coverage with a 50% orthodontic benefit. This is only an example. Actual costs will vary based on the individual member's plan design. Standard orthodontic coinsurance and maximums apply.
